

AI Disclosure Statement

Artificial intelligence (AI) tools were used in the preparation of this infographic. AI Overview was used to help identify a compound and provide initial information such as its common name and other relevant details. ChatGPT was also used to shorten and summarize information gathered from different sources for easier presentation in the infographic. The information generated or summarized by AI was reviewed and cross-checked with reliable sources to ensure that the facts, details, and references included in the infographic were accurate and appropriate.
